

Would you like your child to learn Spanish?

Club El Cactus is offering your child the opportunity to attend an After-school Spanish club at Birches First School on Fridays. At Club El Cactus we teach children to speak Spanish through:

songs

dance

games

drama

Club El Cactus encourages learning from an early age in a fun, enjoyable and affordable way. We believe children are able to successfully learn new languages when they are still young and open. It also gives them a fantastic start and great confidence in using a foreign language when they get to secondary school.

We all know how a modern language is very important today and Spanish is now the third most spoken language in the world. Speaking another language creates a much wider range of opportunities for jobs in the future and it is a great advantage when travelling or on holiday.

If you want your child to participate in such a wonderful adventure, please complete the slip below with your child's details and hand it in to the school secretary, we shall get back to you as soon as possible.
