Sentence challenge!

A parenthesis is a word or a phrase put into a sentence to give it more information.

Sometimes a parenthesis is in italics, sometimes it is in (brackets), sometimes there is a dash – and sometimes it has ‘inverted commas’ around it.

Parentheses are used to:

Explain what a difficult word means.

Show someone’s thoughts

Add extra information to help the reader

Emphasise a point

Can you use brackets to add extra information?

E.g. His cape (which was glossy and red) was bulletproof.

Question time!

What is a dilemma?

What is the dilemma that Superman faces?

If Superman sees someone in danger, but feels exhausted and decides to go home instead, do you think he would feel guilty?

If you are in the playground and you see somebody being bullied, should you do something to help? If you don’t do anything to help, have you made a bad decision? Should you feel guilty?

Hi Year 4

What a funny week it has been! I hope that you have enjoyed spending time at home with your family. I have had time at school and at home. We have painted rainbows, read lots and played games. We have also managed to spend some time outside in the sunshine.

I miss you all very much!

Have a wonderful weekend Year 4. Stay safe,

Mrs Cain x
