

Dear Nursery,

I hope you all enjoyed my little video message. The responses I received have made me feel so blessed. I am already planning my next video to you!

Your new learning grid has now been uploaded to the website for this week. Please do not feel that you have to complete all of the activities - choose the ones that interest you the most and take your time with the activities. I love seeing the photos you have been sharing with me, but again please do not feel that this is an expectation. I would not want any of you to begin to feel overwhelmed. However, I know that your photos inspire each other and I know some of you are enjoying seeing what your friends are doing.

If you would like any additional ideas on how to extend activities or perhaps to have information about other aspects of learning through play, I will happily support you through email.
