Solving Problems - Halving

Home Learning Challenges

April made 6 cupcakes and ate half of them. How many did she eat? How many did she have left? Can you draw a picture of the cupcakes April had left?

Count out 10 sticks or stones. Put half into the soil for animals to hide under and put half in a wooden box for an insect home. How many do you have in the box? How many in the soil?

Draw 8 bottles of paint on a classroom shelf. Colour half the paint bottles in blue. How many are blue?

There are 12 children in Mrs Peacock's class. Half of the children are girls. How many are girls? How many are boys?

If there were 16 cars in a car park at lunchtime and half were driven away, how many would be left in the afternoon? If you have some toy cars, you could work it out using those.

There are 22 footballers on a field and half of them are wearing red. How many footballers are in red? Draw 22 T-shirts and colour half in red to check.

Challenge

Can you make up some of your own halving problems?

Phonics

Read and spell these words.

ear

hear

tear

near

fear

Can you write this sentence?

I can hear a dog bark at night.

Challenge

Can you write your own sentences for the above words?

Literacy

Can you describe the pirate?

What does he look like?

What is he wearing?

Can you write some sentences to describe the pirate?

The pirate has got a brown beard.

The pirate has got a hook on his arm.

Challenge

Make your letters the same size.

Use finger spaces between words.

Use a capital letter at the beginning of your sentence and a full stop at the end.

Write on the line.
