

Challenges

Your challenges will now be posted throughout the week.

Children both at home and in Nursery will have the opportunities to follow the challenges set.

The challenges will be written as quick speed challenges to actively engage and support development.

The home learning grid will include longer, more in-depth tasks to support their learning and understanding around topics and themes.

Please feel free to adapt them to suit your child's requirements, interests and resources available.

Send me a picture of your fish picture.

Can you draw more than one?

Can you decorate using patterns?

Have lots of fun and practice your pencil grip and have a go at labelling your picture with your name.
