

Year Three Homework Grid Summer 2021

<p>Dear Parents, homework is an important part of your child's learning. Please support and encourage your child with their chosen task(s). They may select the task(s) they find most appealing to further their learning.</p> <p>Some tasks may have a specific outcome whilst others may be more open ended, allowing your child to decide on the final outcome. These tasks can be completed on paper and then a picture can be taken or done on a computer and sent directly to myself via email (djones@birches.staffs.sch.uk).</p> <p>Children are reminded that work should be presented to the same standard as we would expect in school.</p> <p>If you complete any tasks and wish to show off what you have done then please send the work to myself via email and we will aim to showcase this work on Wednesday 26th May and Wednesday 14th July.</p> <p>We hope you enjoy sharing in your child's learning.</p>	<p><u>Maths</u></p> <p>Produce a pictogram to show how often you or your family do something around the house. For example, you could see who does the most chores or watches the TV the most.</p>	<p><u>English</u></p> <p>Imagine you are explorers, currently on an adventure. You may want to be in a jungle, on top of some mountains or near a volcano – it's up to you! Write either a diary entry or a letter, explaining some of the things you have done or are going to do on your adventure. (Be as imaginative and crazy as you like).</p>	<p><u>History</u></p> <p>In the year AD 79, the volcano 'Mount Vesuvius' erupted, destroying the city of Pompeii. Research why people may have wanted to live right underneath a volcano and then decide whether you would take the risk and live near a volcano. Explain your reason.</p>
	<p><u>Geography</u></p> <p>Europe is a big continent made up of lots of different countries. Can you make a European map and put on some of the key features you might find in the different countries? For example, in France you could draw the Eiffel Tower.</p>	<p><u>Art</u></p> <p>1. Lots of famous artists have come from Europe. Can you produce a small fact file on a chosen artist?</p> <p>2. Find a piece of artwork made by a European artist and try to recreate it yourself.</p> <p>Possible Artists: Monet, Seurat, Michelangelo, Van Gogh</p>	<p><u>Design</u></p> <p>Europe is famous for having some of the world's greatest chefs and bakers. With a responsible adult, can you try and create your own plate of food? You may want to research a recipe to find something that you want to make.</p> <p>Challenge: Try and make a 'healthy' dish that uses different fruits or vegetables.</p>
	<p><u>Science</u></p> <p>There are many different volcanoes and rainforests that you can find in Europe. Can you make a forest or volcano using different materials? You may want to make a cardboard jungle or papier mache volcano.</p> <p>Tip: mix bicarbonate of soda with vinegar to make your volcano 'erupt'.</p>	<p><u>Health & Wellbeing</u></p> <p>Create a collage of all the things you like and enjoy. You may want to use pictures from magazines, newspapers or images off the internet. You could also draw your own images to include.</p>	<p><u>TT Rockstars</u></p> <p>We will soon be starting Timetable tests in class. To get a head start and build up confidence, log in to TT Rockstars and practice your different Timetables.</p>
