

Nursery Homework Grid Autumn Term 2021

All About Me!

Dear Parents/Carers,
Homework is an important part of your child's learning journey to support their ongoing development of skills and knowledge. Please support and encourage your child with their chosen task(s).

Some tasks may have a specific outcome whilst others may be more open ended, allowing your child to decide on the final outcome.

We can now hold 'physical' showcase days in school. Photos and videos can be uploaded onto your Tapestry account to share in school by the following 'showcase' date; Friday 15th October 2021.

Should you have any questions, queries or concerns, please do not hesitate to contact me through my email gllloyd@birches.staffs.sch.uk and I will get back to you as soon as possible. Best wishes, Mrs Lloyd

Personal, Social, Emotional Development

Talk to your adult about what you would like to do when you grow up. Try and find out a little bit more about it by talking to people who know about that role or looking in a book or on the Internet. Then, you can share what you have found out with the class.

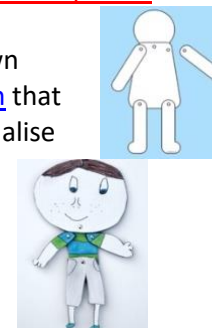

Communication & Language

When you are at home, sit quietly and listen carefully to see what you can hear in your home or garden. Can you draw some of those things?

Physical Development

Create your own [Split Pin Person](#) that you can personalise to look just like yourself!

Mathematics

Use some paint to make handprints of everyone's hands in your family and then cut out the handprints. Can you put them in order of size from the smallest handprint to the largest handprint? If you haven't got any paint, you could draw around hands instead!

Literacy

Draw a picture that shows all of the people who are special to you. Can you ask your adult to label the pictures for you? Why are they so special?

Understanding the World

Bring in a photograph of you when you were younger and tell us one of the ways that you have changed.
(You may like to upload the photograph onto Tapestry)

Expressive Arts and Design

Bring in photographs of your home. We can use these pictures in class to support our learning in the construction area as we try to build our homes with a range of materials.
(You may like to upload the photograph onto Tapestry)

Design and create your own home from junk modelling. Can you join materials together using masking tape, glues and split pins?
