

Birches First School

Believe, Grow, Succeed ...

...to be the best 'me' I can be.

Pattingham Sixes Girls November 2021

This week our FANTASTIC girls represented Birches at the first ever Girls Football Tournament. It was such a momentous occasion both for school and for football -for girls to participate and engage equally with boys.

The girls represented the school so well and were absolutely a credit to Birches, their families and most of all themselves! They displayed such sportsmanship and demonstrated our Birches values on and off the pitch.

Our girl team is formed mainly of Y3 girls, so they did **incredibly** well against the other schools who were predominately Y4 players. What SUPERSTARS they are!

Pattingham Sixes Boys November 2021

In addition to the girls playing our Y3/4 Boys also came along to represent Birches in the football tournament.

Again, like the girls they played with such determination, energy and great spirit. Their team playing and skills were fabulous to see...not to mention their little characters shining on the pitch!! They were AMAZING.

Thank you both boys and girls for being such a fantastic representation, I am a very proud Headteacher, manners, enthusiasm and team spirit are all fabulous attributes to see!

This would not have been possible without parents transporting our children and I am truly grateful for the support you have given to enable this to happen.

Finally...what can I say other than a HUGE thank you to Mrs Burkitt, Mrs Lawley and Miss Lawley who have trained the teams after school and lunchtimes. It was very evident that the children have learnt so much in their sessions but showed a great love and enthusiasm for the sport!

Miss Varricchione.
