

2021-2022: Year Two Homework Grid Summer Term 1

All Around the World

Dear Parents, homework is an important part of your child's learning. Here are some learning tasks for children to complete to support their ongoing development of skills and knowledge. Please support and encourage your child with their chosen task(s).

Some tasks may have a specific outcome whilst others may be more open ended, allowing your child to decide on the final outcome. Children are reminded that work should be presented to the same standard as we would expect in school.

We look forward to seeing your wonderful creations! You can present your homework however you wish. Photos, videos and PowerPoint presentations can also be emailed to shulme@birches.staffs.sch.uk and kkandola@birches.staffs.sch.uk to share in school on the following 'showcase' date;
Wednesday 18th May 2022

In our 'Children' tab on the school website you will also find a number of suggested websites to further support your child's learning. We hope you enjoy sharing your child's learning.

Miss Hulme and Mrs. Kandola 😊

Maths

Using different sized bottles and containers, have fun with capacity. What can you measure? Estimate how many smaller bottles it takes to fill a litre. Estimate many bottles it takes to fill a bucket/ larger bottle. Estimate how many millilitres or litres a container holds.

Can you spot millilitres and litres in the kitchen?

Create a model of a sea creature from the ocean using 2D or 3D shapes. This could be a fish, whale, dolphin, turtle or even a seahorse! Talk about the properties of the shapes.

Geography

What are the names of the oceans in the world?

Can you find a map on the internet with the oceans on? Challenge yourself to label the oceans and seas on a blank map.

Research some of the different world's oceans. Where are they? What different animals live in these oceans? Present the information you find.

PSHE

Water challenge!! Can you drink 2 litres of water a day? Keep a record of how much water you have drank.

English

You are on a desert island. You have some paper and a pencil so you decide to write a letter to put in a bottle about your adventure. What would you write?

Imagine you are a sailor who sees a strange creature. Draw it and write a description of it using a range of adjectives.

Art

Can you draw or make an underwater seascape? Is it a cold ocean with icebergs and polar bears or a warm, tropical sea with a coral reef? What sea creatures live there? Can you describe it using exciting adjectives?

Music

Create a rainmaker using rice or pebbles. Can you create your own piece of music to represent the sea?

PE

Create your own dance to a song about a sea or an ocean. Perhaps 'Under the Sea' from The Little Mermaid or a song from Moana! Have fun!

History

Can you find out about an explorer from long ago? What did he/ she discover?

Find out some fascinating facts about a sea-based topic that interests you.

Could you find out about why lighthouses or submarines were used? Or about a famous ship?

Design Technology

Design a treasure island map. Think about the things you might see on your island.

ECO

How can we stop plastic getting into the sea? Why is water so important and how can we stop it being wasted? Can you design a powerful poster to help others care for the ocean or help save water.
