Monday 6<sup>th</sup> March

## STEM Experience at Codsall Middle School on Tuesday 14th March

Dear Parents/Carers,

I am writing to inform you of an exciting STEM session at Codsall Middle School as part of our Science Engineering Week at Birches First School.

On Tuesday 14th March, there will be a STEM session at Codsall Middle School. Our children will be welcomed to Codsall Middle School (CMS) and will learn within specialist Science laboratories, investigating iron filings and engaging with an electromagnet competition! These sessions will be led by Year 8 STEM Ambassadors and staff at Codsall Middle School, with St Nicholas and Birches First School children and staff all getting involved!

We believe this is a lovely way of practicing Science in a specialised learning environment and a superb way for the children to get familiar with both a local Middle School and children from another First School.

**Please return the slip below to school by Friday 10<sup>th</sup> March to give permission for your child to attend.** The children will eat lunch at Birches as they will either visit the Middle School in the morning or afternoon. Please also ensure your child has suitable school shoes and coats for the walk.

Thank you for your continued support!

Best wishes,

Mr Piggott
