

## A message from Father Christmas

Dear boys and girls,

Christmas is a very exciting but busy time: the elves are making toys, the reindeer are practising their sleigh runs, and I'm preparing my list of who's been good this year.

I need to let the elves know what to make so you must tell me what you would like as early as possible. I will be at the Billbrook Christmas Light Switch-On Event on Friday 24th November on Billbrook Village Green from 6:00 pm: you can bring your letter along to me there or pop it in the post box next to my sleigh.

Please be sure to include your full name and address in your letter so I can write back to you.

I look forward to delivering your presents on Christmas Eve. Make sure you go to bed early and don't forget my mince pie and a carrot for Rudolph!

Merry Christmas to you all!

Father Christmas
