## Science Enrichment Days

Dear Parents/Carers,

Every year, we challenge the children to apply their scientific skills and knowledge to solve a fun scientific investigation. In previous years, we have tasked the children to designing their own floating gardens and creating their own shoebox trains.

This year, we would like to invite one relative per child to come into school, to join them in completing their scientific investigation. Each year group will participate in a different activity.

Please see below the date and time that each year group will be conducting their investigations.

**Reception:** Wednesday 21<sup>st</sup> May at 13:15

**Year 1:** Monday 19<sup>th</sup> May at 13:15

**Year 2:** Tuesday 20<sup>th</sup> May at 13:15

**Year 3:** Tuesday 3<sup>rd</sup> June at 13:15

**Year 4:** Friday 23<sup>rd</sup> May at 13:15

The children are welcome to go home with their relative at the end of the session.

In preparation for these investigations, please could you send in any spare bottle tops, cardboard or newspaper. This would be greatly appreciated!

A Microsoft Forms link shall be sent out, to confirm whether a relative can attend on the above dates.

Thank you for your continued support!

Best wishes,

Mr. D. Jones
