12th June 2025

Year 3 Jitterbugs Workshop at Enginuity

Dear Parents and Carers,

Our final unit in Design Technology this year is 'Electrical Posters' which makes use of simple circuits to design and produce an electrical poster. To support the children's learning within this unit, we have arranged an exciting trip to Enginuity which is an interactive design and technology centre. As well as exploring the museum at Enginuity, we will be taking part in the 'Jitterbugs' workshop which allows children to make their own jitterbugs using simple circuits. Our visit will be taking place on **Thursday 17th July 2025**.

We shall be travelling via coach and will depart from school at 9am to arrive at Enginuity ready for a 10am start. We will leave Enginuity at 2pm to **return to school for home time as normal**.

The children should wear full school uniform with a light raincoat/jacket.

Your child will need to bring a packed lunch and a drink in a rucksack that is comfortable for them to wear throughout the day. Please only send a suitable amount of food for the trip. No fizzy drinks or glass bottles.

The cost of the Trip is **£26** which includes the entrance fee to the museum, the cost of the workshop and coach transfers. Payment for the visit is to be made through ParentPay. When you make the payment, you are **giving permission** for your child to attend the trip. **Payment will need to be made by Thursday 10th July 2025 at the latest**. Thank you.

We look forward to an enjoyable day.

Yours sincerely,

Miss Cartwright

Year 3 Class Teacher
