

EGG-CHANTED EASTER FUN

Here are a few ideas to keep you busy over the Easter break. You may want to choose one or more of the Easter activities below. Have fun getting creative!

Create and design an Easter hat

We can't have our Easter bonnet parade at school this year but why not make an Easter hat to show off on our website instead.

Make an Easter Card

Design and create an Easter card. How creative can you be?... from a pop-up card to a cute Easter card.

Weave an Easter basket picture

Use strips of coloured paper to weave an Easter basket. You could even make a 3D weaving basket!!

Create a symmetrical egg picture

You could draw and colour your own symmetrical egg picture, draw on foil with felt tip pens or paint one side and fold it in half to create a beautiful symmetrical pattern. Why not then cut it up and make it into a puzzle too.

Birches First School

Easter Craft Activities

Hatching chick

Create a hatching chick using a clothes peg. What a 'cracking' idea!

Create an Easter basket

You could use a paper plate, cut in half and stick it to a piece of paper, make one from paper or use a paper cup as a base. Can you make it strong enough to hold an egg?

Easter egg hunt

Plan and design an Easter egg hunt around your house. Make eggs to hide and write clues. Have fun!

Easter puppet

Can you make your own Easter puppet? You could create puppets on a stick, pencil or lollypop stick or you could even create a finger puppet.
