

15th June 2020 - Newsletter

Dear Nursery,

I hope you are all well and enjoyed the under the water themed learning last week. Judging by the photos sent to me so far, some of you had a great turn at making kites and blowing bubbles. Well done! The deadline for your underwater shoe box is 6th July. I would love to put a wonderful underwater collage of shoe box scenes on the website. The children who have returned to Nursery could also complete this at home as we have so much going on in Nursery it would be lovely for this to be their weekend challenge.

The children in Nursery settled back quickly but they are certainly missing those of you at home. We hope to stay connected through the activities we are all doing at home and in Nursery class.

This week's learning grid focusses on 'National Smile Power Day'. Our activities will support the children's understanding of how we can be kind and caring to each other.

Please take a look at the learning grid on the website and take part in as many of the activities as you can. I have suggested ideas for random acts of kindness and a podcast to help children understand what it means to be kind.

Please send in photos of your Expressive Arts and Design ideas. I think these would also form a wonderful display of our children's thoughts about changing the world.

Keep in touch with your home activities and I will continue to post our participation of the activities from within Nursery. Stay connected and stay in touch.

Have a lovely week.

Mrs Mogeey.
