## English

Today we will continue our story focus of 'Tiddler'.

Can you create a Wanted poster? Tiddler was busy dreaming up an excuse as to why he was late and ended up being caught in a Fisherman's net and going on a real adventure. His class were worried about where he was and thought he might be lost. Can you make a 'missing' poster for Tiddler?

## Reading

### Character voices

Read a story of your choice and give each character a different voice.

## Maths

### Place value within 100

Counting to 100

White Rose Maths

1 How many cherries are there?

There are  cherries.

How did you count them?

2 How many bread rolls are there?

There are  bread rolls.

How did you count them?

3 How many sweets are there?

There are  sweets.

How did you count them?

4 Complete the number tracks.

a) 

67	68			71		
----	----	--	--	----	--	--

b) 

89			92			
----	--	--	----	--	--	--

c) 

			97	96		94
--	--	--	----	----	--	----

## Fancy some Science?

### Dissolving

Which solids dissolve in water?

**You Will Need**

- Water (hot and cold)
- Transparent Containers
- Substances to try and dissolve; sand, sugar, salt, coffee etc

**Method**

- 1 Add a teaspoon of whichever solid you are testing to a glass of cold water and a glass of hot water, stir and observe the difference.
- 2 Look to see if the solid dissolves in the hot water and cold water and if one is better than the other.
- 3 Can you design a chart to record your observation?

**The Science Bit**

Things like salt, sugar and coffee dissolve in water. They are soluble. They usually dissolve faster and better in hot water. Pepper and sand are insoluble, they will not dissolve even in hot water.
